Who are we?

We are manufacturers
of high-end acoustic solutions.

20 years
of experience

600 m²
of showroom

5000 m²
of production space

Our brand difference

Setting a new standard in acoustic finishes..

Sound

Handcrafted spirit

For a high-end fabric finish

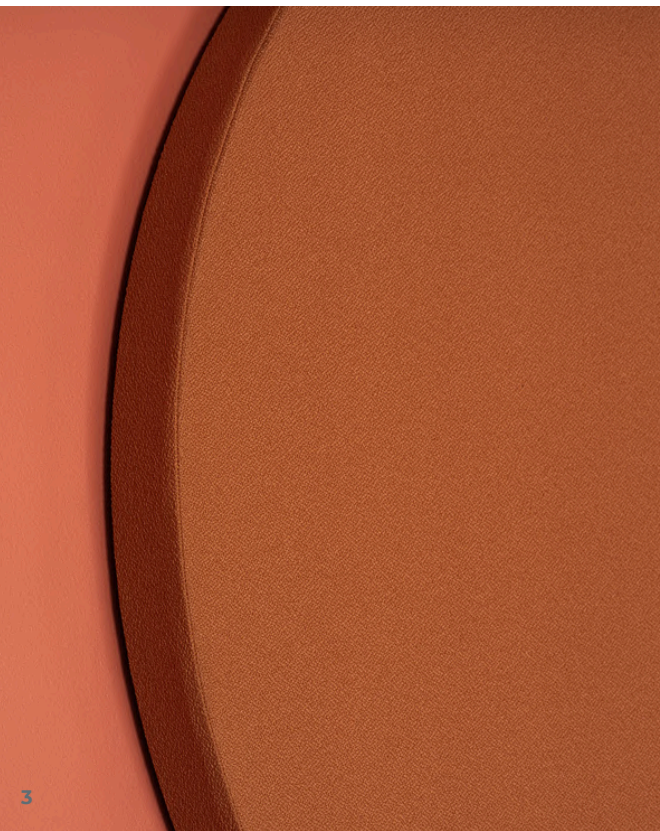

- High acoustic performance
- Removable covers
- Wide range of fabrics

Artcoustik

The design collection

Opens up a world of possibilities with rPET

- 12 or 24 mm rPET
- Customised sizes and colours

Our brand difference

Tailor-made solutions
at the heart of our DNA

An internal manufacturing workshop

Sewing, cutting, customisation...
All stages of manufacturing are carried
out in-house

An in-house design office

Wilfried *(left)*

Our acoustic technician
with invaluable expertise

Florent *(right)*

Our designer, as technical
as he is creative

Full customer support
